3 MAR 1965

MEMORANDUM FOR: Executive Director-Comptroller**SUBJECT : Overseas Trip of Deputy Director for
Science and Technology**

1. Dr. Wheelon is planning a six week, round-the-world trip, beginning 2 April 1965, to visit a number of sites and facilities of current and projected technical collection programs. You will note that Dr. Wheelon is very tightly programmed throughout the trip and it is unlikely that he will deviate from his itinerary.

2. Dr. Wheelon will be accompanied throughout the trip by [redacted] a Directorate senior staff officer. He also will be joined at various portions of the itinerary by Col. Jack Ledford, AD/OSA; Mr. George Miller, AD/OEL; [redacted] D/DIR/FMSAC; and [redacted] FMSAC, who will perform as technical consultants in connection with the various conversations and site surveys which will be conducted.

3. Attached for your authorization is the travel order for Dr. Wheelon. Coordination of these arrangements is in process with the Deputy Director for Plans.
